Battleship

Developers: Hal DiMarchi, William Horn

User Stories

High Priority Stories:

- Legal Battleship
- Intuitive GUI
- Informative Graphics
- Informative Audio
- Separated by Place/Fire

Additional Stories:

- Satisfying Graphics
- Customizable Games
- Additional Mechanics
- Profiles

(Lack of) Development Process

Test Driven Development:

- Clarified use case
- Promoted 'big picture' thinking
- Enables confident refactoring

Pair Programming:

- Improves communication
- Second guess first thought
- Concrete planning
- Synchronization

Development Process Cont...

Github:

Version Control:

- Forced compatibility
- Independent development
- Documentation
- Issues/Project
